

**Together
we can...**

**against
women**

Some women experience various forms of violence in their homes, work, and communities, for some women it's even worse...

Come to a Community Town Hall and hear from refugee and migrant women, Indigenous women, and women labelled with intellectual and psychiatric disabilities, all of whom are among the most marginalized in our society and who consistently experience the highest rates of abuse in Canada.

Monday, April 18th, 5:30 pm
Aboriginal Friendship Center Society
1607 E Hastings Street, Vancouver, BC

Space is limited, please register to reserve your spot.
